LIVINGSTON

JUDGE H. WITT, who has been very sick for some time is slowly improving. — Our old friend, James Maret, was here a few days ago on his way to Winchester. The old Bone Way booster looks fine since he has gotten over his spell of sickness which kept him confined to his room so long. Now he has a position in the good road department, as he so richly deserves, for he has been a good road advocate from start to finish, and we are certainly glad to see him come to the front, so when the pike is finished through Rockcastle county, three cheers should be given James Maret.—Mr. and Mrs. T. C. Welch and children, and Dr. W. T. Amyx, will leave for Cincinnati, Ohio, to spend a few days.—Mrs. N. B. Long, of Los Angeles Cal., is visiting Mrs. C. H. Rice and Mrs. C. E. Rice, of this place.—Mr. and Mrs. Hobert Griffin, spent Saturday and Sunday with Mr. and Mrs. S. E. Fennington, in London, Ky., and Sunday they motored over to Corbin and spent the day in that splendid town and report a fine time.—Mrs. J. L. Pickett and children, Misses Loretta and Margaret, are visiting relatives in Paris this week.—Miss Ethel Hayse is visiting relatives in Kansas, this week.—Mrs. G. V. Caloway and daughter are visiting her parents in Berea this week.—Miss Jalett Griffin left Sunday for a two week's visit with her sister, Miss Cora Griffin, at Big Stone Gap, Va., where she has a position.—Mrs. G. W. Thacker, of Berea, has been visiting her son, W. C. Thacker, at this place.—Roscoe Gregory has a position as fireman in Covington, and we are pleased to know that he is making good.—Will Odell has moved into the property of Mrs. Sue Mullins over her store room.—Dan Ponder has sold a team of mules and wagon, and a tract of coal land to Peter Mink, price paid \$600. We understand Mr. Ponder will go to Mt. Vernon.—Miss Edith Mahaffey is visiting her aunt in Lexington.—Mr. and Mrs. Larkin Pennington and children are visiting relatives in Indiana.—Mrs. Henry Bowman, of Mt. Vernon, was here between trains, en route home from Berea, where she had been visiting relatives.—Mrs. J. W. Mullins, and son, John Thomas, are visiting relatives in Mt. Vernon.—G. S. Griffin, and little son, Burgess, spent Sunday in the Buckeye section.—C. J. Rice has returned from a short visit in Cincinnati.—Misses Ella Mae and Marie Blanford are visiting relatives at Parksville.—John Fields, the hustling Stanford salesman, was with our merchants Tuesday.—Mr. and Mrs. J. H. Browning, after a pleasant visit with relatives in the west, has returned.—Miss Marie Rambo, after a month's visit with relatives at Stanford and Maywood, has returned home.—A Mr. Garnett has installed a butcher shop in our town and is ready to serve the public, but we hardly think steak has been so high since the cow jumped over the moon.—We understand that the grade for the pike is being pushed with all speed and they are doing splendid. We told you all that business would pick up. Don't we wish the pike was completed, so we could take a near shot to the Big Mt. Vernon Fair. Mrs. T. C. Welch, who has been quite sick for some time, is slowly improving.—Mr. and Mrs. Egbert Hayse, and son, Arney, who have been in our town for a few days, returned home to Cincinnati.—T. Stewart, of Cincinnati, is spending a few days with relatives here this week.—Miss Lena Clark after a few days visit with relatives in Winchester, has returned home.—Born to the wife of L. M. Oliver, a fine boy on the 25th.—Mr. and Mrs. Sam Hellard were called to Mt. Vernon a few days ago on account of the illness of Mr. Hellard's parents, Mr. and Mrs. S. E. Hellard. Later we learned that Mr. and Mrs. Hellard are much improved.—Ben Hellard was in Mt. Vernon latter part of last week.—Mrs. B. H. Griffin is very sick at this writing.—Weil, the bottle that we were going to have with Mexico has all blown

over and we certainly are tickled about it, for fighting is bad on old clothes, and "fellow citizens" (we believe that is the term that the politician uses), isn't Wilson a great man? The rest of the world in a bloody war, killing thousands every day, and here we are in the United States, enjoying peace and prosperity, and we don't see any reason why we should not be the happiest and most contented people on earth.—It will only be a few more days until the big Fair at Mt. Vernon, August 9 to 11, will be pulled off, and from reading the fair catalog, and what we can gather, it promises to be the best fair yet, and we believe everybody that can should attend their county fair, for it gives us a chance to meet old friends and acquaintances, perhaps that we have not seen for years, and it is a regular home coming. We think Livingston will be well represented there the three days of the Fair.—Squire Arnold left Livingston to day for the Madison and Rockcastle county line. Madison county has made a position that they would meet Rockcastle county at the line Thursday, with forty or fifty men to do a days work on the road, if Rockcastle would do likewise. Hence Squire Arnold went to meet them. People are getting in earnest about this road business and the county officials are taking the lead. Something is sure doing in this line.—Mr. and Mrs. Cottongim were in Berea a few days this week to see Mr. Cottongim's brother.—Judge Mahlon Summers was in Bond, Ky., Wednesday, on business.—T. J. Pennington was here Sunday. We can't say he was here on business, for it was Sunday. The truth of the matter, we believe his mind reverts back to the days spent in our city.—When Mt. Vernon gets water works, as they already have, electric lights, and we all get the pikes, and Livingston gets street cars, wout we be going some.—Clifford Catlin, of Lebanon, Ky., is visiting his brother, I. W. Catlin, at this place.

CLUB CONVENTION

On Thursday July, 13th members of the Pig, Poultry, Canning and Corn Clubs of Rockcastle and some other adjoining Co's of Madison Co arrived at Berea, Madison Co to attend the United Club Convention of the various counties. The members were accompanied with a large number of visitors.

After arriving at Berea; the members and visitors assembled at 1:30 P. M. at the Band Stand on the campus for announcement of the program for the two following days. After Mr. Spence, the county agent, had finished the announcements they visited, the wood works; machine shop and Printing office. At 4 o'clock every one met at Vocational Chapel to hear Prof. Hudson and Mr. Taylor give their welcome address.

On Friday morning one hundred and two people visited the College Hospital; At nine o'clock every one returned to the Band stand to listen to the following program.

The program was carried out to order with one exception. Two of the speakers were unable to be present and their places were filled with competent speakers. Mr. Spence only regreted that there were not enough cars to carry all the Club members and visitors; although there were nineteen cars which were lined upon Main street and took most of the Club Folks. Rockcastle Representatives were first; Jackson second and Madison last. Those who were left were entertained on the campus by some of the instructors of the Club. The auto trip was a successful and profitable one.

On Saturday an early dinner was served in order that the Club Folks could reach the station in time for the train. At the end of the meal every place represented expressed their appreciation and thanks for the free lodging give them by the college and the healthy co-operation

of the town for having lent a Proctor, Frank Johnson, of Or- helping hand in making their visit land; John Payne, Howard Payne, Bert Hardin, Bert Mullins, Reynolds Swindon, Clydes Abney, Dennis Hart, Angie Payne, Grace Anglin Jessie Chestine, Wyllie Hart, Reik Payne, of Disputanta, Robert Fish, Mitt Proctor, Sarah Hiatt, of Mt. in one of Mr. Spence's talks he spoke very highly of Rockcastle being one of the leading counties along different lines, especially agriculture. Not extensive but intensive. He spoke of the fact that Rockcastle had more representatives present than any other county; which showed an interest. The following are their names.

Lester Chasteene, John Childers, Herbert Banks, William Ballinger, E. J. Chasteene, J. M. Chasteene, Luena Ballinger, George E. Childers, Minnie Ballinger, Lizzie McGuire, Willard Hiatt, of Johnetta, Dewy Dotson, Raymond Parsons, Jonis Coffey, Gibson Stewart, Hugh Coffey, Alva Coffey, Bernice Phillips, Tea French, Allie W. Each one of us is a leader, or will be along whatever line of work we may follow. Our leadership may be for the better or worse; depending mostly on our ideals and ambition. If we desire to be an efficient leader; then we must take the advantage of our Mt. Vernon and Brodhead High schools or go to Berea where we can get special training along what ever line our desired vocation may be.

RESOLUTIONS

Livingston Council No. 167. Junior Order United American Mechanics.

We pause in our daily battle of life, with its many trials, tribulations, joys and sorrows, to drop a tear for and pay our respects to our departed brother, James Henry Clark, who gently passed over to the other side on Thursday Evening June, the 22nd. 1916. He was 39 years old and had only been in our circle since March 18th. 1916. Therefore be it Resolved, that in his death the Council has lost a faithful, true and loyal brother, the community a kind neighbor, his companion a true faithful and loving husband, and his three children a loving, kind and Christian father.

Resolved, that we know none but those who have sat in the shadow of such a great bereavement can justly weep such a sorrow as this; those who have stood by the side of loved ones, as hope after hope dropped away, as the petals fall from a fading flower, know that such anguish can not find solace in our tenderest words.

Resolved that we bow to the will of an unerring God, and since our brother cannot come back to us, we, through the merits of Christ, can go to him and clasp anew the hand of friendship and brotherly love in the celestial garden in the border land, where the flowers of love and friendship are ever abloom, bathed in eternal light, and nourished by the waters of life that flows from under the throne of God; be it further Resolved, that a copy of these resolutions be sent to the family of our deceased brother, a copy spread upon the records of our Council, and a copy be printed in the County paper, The Mount Vernon Signal.

OUR BOONE WAY MAN In Winchester

By JAMES MARET.

Winchester has put one over on Lexington in securing the opening of the Democratic campaign in the early part of September when many thousands of untired will assemble in the Clark county capitol from all parts of the state. Not only will there be present speakers of nation wide reputation but it is expected that President Wilson will be on hands, stopping off on his return from Hodgenville, where he goes to attend the dedication of the Lincoln Farm and to accept the same in behalf of the Government. Big preparations are already on foot for the entertainment of the expected thousands. Burgoo and Barbecued meats from many heads of fat cattle and sheep will be in evidence at the Clark county fair grounds where there is plenty of elbow room. It will prove one of the big days in the county's history.

The Mahan Grocery Company has purchased a lot in Winchester and will erect a \$20,000 brick structure for handling a wholesale business and distributing point for the various houses of the Jellico Grocery Company. Mr. A. B. Mahan, of Jellico will manage the business here.

L. & N. Engine No. 42 now pulling passenger trains between Maysville and Stanford, was used for hauling rails, ties and supplies for the extension of the railroad from Crab Orchard to Mt. Vernon and from Richmond Junction to Richmond in 1868, forty eight years ago. The writer, when a boy, had many rides on this old timer which, until last Friday, he had not seen for nearly half a century. In its early days this old locomotive sported many bright brass trimmings as was the custom in those days. It is said this is the first locomotive that entered Mt. Vernon.

About the first Kentucky good roads law was originated and passed by Col. G. G. Stuart, of this place, when he was a member of the Legislature, many years ago. It provides that where a neighborhood or section of a county furnishes a certain portion of the expense for the construction of a turnpike, the county should pay the remainder. Thousands of miles were constructed in the state under this law. The Colonel was also the prime mover in putting the Kentucky central railroad over the route from Paris to Livingston instead of from Lexington, which city naturally thought the extension would be made from that point and sat still while Winchester got busy and landed the prize along with others making the city one of the state's railroad centers. Colonel Stuart is one of the best posted men in Kentucky history as well as its geography. He knows the county seat of every county, the names of all the principal streams and many of the smaller ones and the geological formations, the nature of the soils

BRODHEAD

of the various counties. He is taking much interest in the work of the State Tax Commission and has made many valuable suggestions to that body, a number of which, no doubt will be embodied in the Commission's report, which will be made to the next legislature when a revision of Kentucky's tax laws is expected to be made.

Clark county's experience in donations to railroads and other enterprises has been somewhat different to that of Green and some other Kentucky communities. Her contributions up to date have amounted to more than \$1,000,000 all of which has been more than repaid in enhanced land values, etc. It is said Clark's system of highways is as good or better than any other in the commonwealth, and from observation, the writer is led to believe the claim is justified. Winchester and Clark county has a goodly number of "live wires" working for advancement in all lines of endeavor. It's a great and good people we find here and there is no place, except good old Mt. Vernon, in which we would rather spend our remaining days.

The writer is engaged in road inspection work on the Winchester-Paris pike, which is on one division of Boone Way, which will be routed on from Boonesboro to Chillicothe, Ohio, via Winchester, Paris, Carlisle and Maysville to the point on the Scioto, where Boone was twice taken a captive by the Indians.

It is probable that the Mahan Grocery Co. will make use of Scobee's big tobacco warehouse until the completion of their new building.

The Boosters' excursion into the mountains, the meeting of the Democratic Campaign opening promoters, the Clark county fair and other important events take place during the week. There's something doing all the time, including the pushing of good roads.

State Road Inspector, C. C. Crabb, of Eminence, who has been looking after Rockcastle roads, will be engaged for the next five weeks visiting various portions of the State in the interest of the meeting of the Southern Appalachian Good Roads Association, which takes place at Lexington, September 5th to 8th, which will be attended by large delegations from the seven states composing the organization.

Representations from every important road association between Maine, California and Florida will be on hands. Every effort is being put forth, Lexingtonian's and all Kentucky highway boosters, including Commissioner of Public Roads, Rodman Wiley, to make this the largest and most successful, and far reaching in its influence, of any good roads meeting ever held within the borders of old Kentucky.

In the meeting at Bluefield, W. Va., last fall, Mr. C. C. Crabb, of Eminence, a born fighter for his state, landed, single-handed, the convention, for Lexington for 1916, when a number of other states were hotly contending for the coveted honor and privilege. Mr. Crabb has been and continues to be a big figure in the good roads movement.

In route hers Sunday we met that reporter of the Signal at Livingston on the hustle as usual. He said he and the Brodhead man had buried the hatchet. Some one on the depot platform remarked that Will was paying frequent visits to the tomahawk's grave and was liable some dark night to dig up and resurrect that formidable Indian weapon. That live reporter is a scrapper from Scranton town on the head waters of Fighting Creek and it won't do to project him if one wishes to preserve a whole skin. We've been there. One experience showed us "where to get off at" and we gladly alighted, tho somewhat disfigured and out of the ring.

Mr. having spent two or three weeks in Canada, Michigan, Ohio and other states. Mr. Chestnut is very popular here, and we join in many friends in wishing him a successful married life. — The Brodhead Commercial Club offers a \$5.00 gold piece to the road over seer completing his section of road by August 20th, and showing the best improved road.

The decision is to be made by our Magistrate and a committee of two men who are not interested in these roads. We understand that this offer includes any road within three miles of this city. This is a small inducement to the overseer, but the fact that he must work his road any way, and is, of course, interested in making the best road he can, this \$5.00 will help out considerably, and will, we hope, be an incentive to better road building. — Joe Riddle and A. B. Potorf were in Berea, Rich mond, Lancaster and Crab Orchard, Tuesday, making the round on Joe's motorcycle. — Mrs. I. R. Storm, who has been sick for several weeks, is no better. — Dr. M. Pennington was here Tuesday on his return from a visit to Uncle Tom Tate in the Hiatt Section. Mr. Tate has been quite sick for the past few weeks. — Mr. and Mrs. Ollie Pritchett, of Stanford, were visiting relatives in the Hiatt section during the week. — Miss Mae Cummins was in Mt. Vernon. — Prof. J. L. Pilkinton is in receipt of a letter from the Hon. McHenry Rhoades, State High School Supervisor, stating that he has recommended that Brodhead High School course of study be made a first class High School. — Mrs. Walter Robins, and little daughter, Inez, are with her brother, Sam Davis and family, in Lancaster, this week. — Logan Bryant, the Mt. Vernon Ford agent, was here during the week talking Ford. — Dr. and Mrs. G. M. Frith, of Madison, Tenn., are with his parents, Mr. and Mrs. J. G. Frith, this week. The Doctor is attending the National Association of Dentists in Louisville also. — Mr. and Mrs. L. M. Brown, of Memphis, Tenn., are spending the week with her parents, Mr. and Mrs. J. G. Frith. — Mr. and Mrs. W. J. Owens are rejoicing over the arrival of a baby boy. — A number from here will attend the Rockcastle County Christian Sunday School Convention at W. die, Sunday. — Born to the wife of R. S. Shivel, a girl baby, the first of the week.

Richard E. Albright went to Louisville, Saturday, and purchased a Ford touring car, returning that afternoon. Dick seems right at home in his car, and the boys say he has been hauling hay from his farm all this week, though we are not sure he uses his Ford for this purpose.

Mrs. Robins, who underwent an operation at St. Joseph's Infirmary four weeks ago today, returned home Thursday night of last week, and is getting along nicely. — Prof. Walter Evans, who taught in the Graded School here last term, was here over Sunday, leaving Monday for Washington, D. C., where he has a position as clerk in the Civil Service Department there. — Mr. and Mrs. J. W. Tate, and daughter, Miss Miranda, motored to Lancaster, Sunday afternoon, and spent a few hours — Quite a number from here attended the Children's Day exercises at Ottawa, Sunday. — The Rev. A. J. Pike held regular services at the Baptist church, Sunday morning and evening. — Mr. and Mrs. Walter Smith, of Crab Orchard, spent several days here this week, the guests of her parents, Mr. and Mrs. J. M. Owens. — Frank Brooks was here from Crab Orchard during the week, looking after some privileges at the coming fair. — J. L. Pilkinton was in Mt. Vernon, Monday, on business. — Miss Judith McCall was here Saturday after spending several weeks with her parents, Mr. and Mrs. J. J. McCall, at Maretburg. — Mr. and Mrs. I. B. Chestnut, of Williamson, W. Va., were in the Hiatt section this week with his father and brother. Mr. Chestnut recently married a girl in Detroit, Mich., and stopped over here on their return.

KENTUCKY will get approximately \$100,000 from the Federal Good Roads Fund during the fiscal year ending July 1, 1917 — our journal

In the apportionment of the above amount among Kentucky counties it is expected that Rockcastle will come in for \$10,000 a year for next five years.

It will be remembered that in January, 1913, when the project of Boone Way was organized by the Commercial Club of the little old town of Mt. Vernon, Ky., and put in a plea to congress for aid in the movement.

Our good old friends the Courier Journal, The Times and Post sent up a howl bordering on frenzy,

condemning the tenacity of the mountaineers for even broaching such a proposition, saying they were against it "on principle."

The mountaineers believed they were right and that "truth is mighty and (justice) will prevail."

Mr. Vernon has been justified in her belief and work, and has long since forgiven these ex-

cellent journals on account of valiant service since rendered in our great cause of good roads.

Three cheers for Mt. Vernon's Commercial Club, some more

for the newspapers who aided in

An article by Prof. Pilkenton
entitled, "Educational Campaign
should have appeared in this issue

office, it was impossible to get
the article in this issue. It will
appear next week and we ask our
readers to keep a lookout, and es-
pecially the teachers of the county
and those who have volunteered
for the Moonlight School Cam-
paign which starts in September.

The Clean Up at the Mt. Ver-
non Fair Grounds yesterday was
not as largely attended as should
have been; however the few faith-
ful ones who did show up cleaned
up quite a bit. Now in order to
give those stockholders who were
too busy or feared the hot Sun a
chance to help themselves, so next Wed-
nesday has been set aside as Final
Clean up day. If you were not
there yesterday come next Wednesday
and help put things in order for the
biggest Fair Mt. Vernon has ever had.

Our present town board of
trustees is beyond any question one
of the best, if not the best board
the town has ever had. The busi-
ness-like way in which they have
and are now handling the affairs of
the town, should be very gratify-
ing to the taxpayers. The present
board has done more work on the
streets, paid more on the indebt-
edness of the town and have more
funds for improvements than ever
before. We certainly have every
reason to be satisfied with our
present bunch of city dads.

DAVIS THOMPSON:— Mr. Clay
Thompson, son of Mr. J. L.
Thompson, of the West side, and
Miss Emma Davis, daughter of
Mr. and Mrs. W. T. Davis, were
married yesterday at the resi-

officiating clergyman. Only a few
close friends and relatives wit-
nessed the ceremony. Immediately
after the ceremony, the happy
couple, accompanied by Miss
Ethel Davis and Chas. L. Davis,
sister and brother of the bride,
left for Crab Orchard Springs,
where they will spend a few days.

LOOK GOOD—FEEL GOOD
No one can either feel good or
look good while suffering from
constipation. Get rid of that
tired lifeless, feeling by a treat-
ment of Dr. King's New Life Pills.

Buy a box to-day, take one or two
pills to-night. In the morning
that stuffy, dull feeling is gone
and you feel better at once. 25c
at your druggist.

ARE YOU A BOOSTER?

If one of your citizens is start-
ing a new enterprise you are going
to give him all the encouragement
you can, for you know what such
encouragement, or lack of it, meant
to you when you were getting
your own start.

If your town and county officials
are good men and doing the square
thing you are going to stand by
them and help keep them in
office. If they are not the right
sort, you are going to get them
out and see to it they are kept out.

If you are a young man you are
going to start a savings account in
your local bank, because you will
realize that in the business world
thrif lies at the very foundation of
a successful business career, and
no one on earth can help you so
much as your local banker if he
has confidence in your ability and
with in your honesty.

If you are in business you will
deposit your money in your town
bank rather than in a distant city
bank, because then it will be used
in financing and upbuilding local
enterprises that will be right under
your eye, and you will want to
boost your local banks, because
you know the best thermometer
of a community's commercial
prosperity is shown in the monthly
bank statements.

If the head of your public school
is conscientiously endeavoring to
mold the character as well as
train the mind of the boys and
girls of your town, you are going
to let him know you are his friend;
will see to it that his compensa-
tion is sufficient to enable him to
live decently, and that he gets it
when due.

You are going to inspect the
school house occasionally, even
though you are not on the school
board, and if you find it unsan-
itary you are going "to make howl"
because the health of your children
and of every other parent's child-
ren is being jeopardized. If the
accommodations are not amply
sufficient, some children are being
prevented from getting an education,
and you are going to be their
champion and fight for the needed
improvements, even although you
know it will take an extra dollar or
two out of your pocket for taxes.

You are going to see to it that
every boy in your town, rich or
poor, is given a fair, square chance
to become a decent man and a use-
ful citizen. Eighty-five per cent
of the prisoners in your county
jail are illiterate. It is cheaper to
give a boy a good education and
start him on the road to decency
and success than to allow him to
remain an illiterate, become a
criminal and execute him for his
crime.

WANTED:— If you have any In-
dian relics such as stone pipes,
large flint spears, grooved axes,
pots and bowls, shell beads, etc.,
found in caves, graves and old
fields. Write to W. L. Griffin,
Somerset, Ky., and get his prices
on them.

FOR SALE:— Two nice bird
pups. 6 months old, good stock.

conviction of John Martin who
murdered Parker Browning.

CASTORIA

Whole outlook determined by health state

Half Sick Persons See Life From
Viewpoint of Pessimist.

The condition of a man's health
always effects to a marked extent his mental attitude toward
life in general.

This fact is so universally admitted that columns in the newspapers are devoted to "Dyspepsia Philosophy," and of all ailments it is safe to assert that stomach diseases work more havoc with human machinery than all other disorders combined.

Of all the ills, chronic dyspepsia is probably the most common. It causes, characterization, and results are many. Skilled specialists have been unable to code with this almost universal malady. However, old Mother Nature, who, after all, is the ideal physician, in combination with skill in chemistry, has compounded in her inexhaustable laboratory a marvelous remedy for this trouble.

It would be almost impossible to describe the sufferings that this dread disease has brought to mankind. The most common symptoms are pains in the stomach a dull, heavy, bloated feeling, loss of appetite, headaches, nausea, dizziness, coated tongue, fitful sleep, loss of energy, nervousness and melancholia.

Tanlac, the great reconstructive tonic, appetizer and builder out worn-out tissues, compounded after years of study, was designed to check this distressing condition. Its purposes are to restore a healthy, normal appetite, good, sound restful sleep, end nervousness, revive lost energy—in short, to restore the stomach to the habit of doing a full day's work and doing it efficiently.

This Master Medicine is composed entirely of roots, herbs, flowers and barks gathered from the remote corners of the earth and is compounded today under the personal direction of Joseph Von Trimbach, the chemist who created the Tanlac formula.

Thousands of men and women
who have found relief from their
sufferings through the Tanlac
treatment are daily acknowledging
their gratitude for this wonderful
reconstructive tonic.

Tanlac is being specially introduced in Mt. Vernon at R. H. Miller, also at Central Drug Co., Livingston, and John Robins' Drug Store, Brodhead; W. M. Owens' store, Burri, Line Bros., Crab Orchard, S. E. Welch Berea; J. Reynolds and Son, Bee Lick.

TAKING BIG CHANCES

houses. This farm is a creek farm, running to the hilltops, with some workable coal in the hills. Also has a 10 acre orchard set out this spring, consisting of about 500 Stayman Winesap apples and 500 Elberta peaches, all are true to name, with a guarantee from the company to prune and spray for 3 years. Holes were dynamited for trees and great care taken in setting the orchard. Also about 6 acres of other orchard on this farm. This is the farm for the stockman; a good farm and well watered and only a few years to wait for a young fortune from growing fruit.

Farm No. 5 or 258 acres ad joining farm No. 4, with one good dwelling house, barn and store house; 4 tenant houses and barns, good orchard; known to be as good if not the best stand for merchandise in the county. Also has a good coal mine.

Farm No. 6 of 250 acres, 2 miles west of farm No. 5; good valley farm, in good state of cultivation; good house and barn; good orchard; 1 tenant house; about 120 acres cleared and the balance in woodland.

3 town lots in Bethelburg & Lewis Addition to Mt. Vernon, Ky. and 1 lot in Jersey City, N. J. Also have a few hundred acres of desirable mineral rights to sell.

It is not worth while to speak of the water on these farms, as it is well known that Rockcastle is one of the best watered counties in this state or any other state. All of these farms are hard by churches and schools and the county has under consideration, 4 turnpikes out of the town of Mt. Vernon, north and south, east and west. Several miles have been let and work already begun. Those farms are on the pike road leading south from Mt. Vernon, on the waters of Dry Fork and Skaggs Creek and most of this land is limestone land and fine producing and grass land. Will sell on easy terms any part of this land or all as a whole. Anyone wishing to buy land, either for investment or home, will do well to call and go over the land, and get my price and terms. For the benefit of those who might know these farms and locate them better by name, I will name them by their former owners: Tract No. 1 known as the Sand Spring coal fields; Tract No. 2 known as the Will Price farm at Sand Spring; Tract No. 3 known as the old Tommy Graves valley farm; Tract No. 4 known as the K. J. McKinney farm; Tract No. 5 known as the W. G. Nicely farm at Hansford; Tract No. 6 known as the Mat Deboard and later the Albert Hamlin farm near Level Green.

PERSONAL PROPERTY for sale on easy terms: 8 work mules; 4 wagons; 1 buck bed; 1 new surrey; 1 rubber tire buggy; 1 set of buggy harness; 4 turning plows; 3 section harrows; 2 disc harrows; 3 walking cultivators; 4 double shovel plows; 4 bull tongue plows; 1 mowing machine; 2 rakes; one-half interest in 1 binder; about 2500 ft. of 1/4 inch iron pipe in care of Mt. Vernon Fair Association; 1, 12 horse power boiler and engine; all of my interest in about 200 acres of growing crops, to be sold as it stands or so much per bushel a gathering time. 2 stores and fixtures, one store at Hansford and one at Sand Springs, 5 show cases 2 desks; 1 typewriter; 1 iron safe; 1 share in Peoples Bank; 1 share in Mt. Vernon Fair Association; 25 shares in Central Life Insurance Co.; 2 shares in Don Overland Shoe Co. of Indianapolis, Ind.; 3 shares in Kentucky Rural Credit Association.

Farm No. 2 of 156 acres, 4 miles south of Mt. Vernon, 2 houses, 1 barn, about 35 acres in growing crop, 60 acres in grass and balance in woodland; adjoining farm No. 1, so as to make one well located farm if purchaser should desire both tracts. Farm No. 1 lies on east side of creek and mostly underlaid with coal. Farm No. 2 on west side of creek, rather a valley farm, with some coal in the hill.

Farm No. 3 of 190 acres, one half mile west of farm No. 2; a good strong valley farm in good state of cultivation and not very much improvement. About 100 acres cleared, balance in wood-miles south of Mt. Vernon, in good state of cultivation, well improved; 1 good dwelling house, barn and storehouse and all other necessary outbuildings; 6 tenant

OPEN LETTER.

Washington, D. C.,
June 30, 1916.

Hon. J. B. McKeekan,
Williamsburg, Ky.

My Dear Sir:

It was with a feeling of great pleasure to see the announcement of your candidacy in the papers this week.

First permit me to congratulate you for your willingness to sacrifice your personal ambitions and devote your whole time and labor in the interests of our grand old party. The Republican party, too, is to be congratulated in having in its ranks such sterling material that has always been the backbone and life of the organization.

Throughout the length and breadth of our great, grand country such men as you have been the party's mainstay and helped to achieve victory. Ah! the man knows not what defeat is. The man who knows no fear fears no odds, toils, sacrifices for his party and his fellow-men, is ever ready to save his country, and put all else aside, and answer "here" when the roll is called.

The man who is willing to do or die, who fights to the last ditch for a principle or friend, who goes down to defeat with faith in his heart and who never surrenders, that is the man whose name is "Legion" and who is known as a "thorough republican" in all that the phrase implies.

I would have been very glad to have met you while in Chicago, but my time was taken up very much conferring with the leaders and "putting the house in order". You must admit it was no child's play. While others were having a good time, I had to keep burning my midnight oil, and I am glad for one it is all over. No doubt you were very busy yourself, for one who takes himself so seriously, a national convention is over. It has no superior for the purposes for which it is intended. Buy it now. Obtainable everywhere.

SALE FOR TAXES.

I, or one of my deputies, will be at the regular county court day, offer for sale at the front door of the courthouse in Mt. Vernon, Ky. for the purpose of satisfying taxes due on the Livingston Graded School, one house and lot in Livingston, Ky. now occupied by J. F. Jones, taxes of R. M. K. Flour Co. Amount \$25.00

Cam Mullins, S. R. C.

KENTUCKY'S AGRICULTURE RICHES.

Producing annually between 30 and 35 per cent. of the total tobacco crop of the United States and more than 10 per cent. of the world, Kentucky is known far and wide as the leading tobacco-producing State. Many people not only in other States, but right here at home are under the impression that tobacco is "King" in the agriculture output of the state. But such is not the case.

Did you meet him? He sure is a chap. Uncle Joe told me that we'll round up the greatest majority for the Justic that ever was polled. These are his words: "Billy, my boy, you're an old campaigner for a young fellow like you, but it beats me how you prophesied Hughes nomination, s", as you say, we've simply got to elect him.

So I says, Uncle the drinks are on you," All "right" he said "what are you going to have."

"A little Wilson that's all," I said. "We've had enough of Wilson," says he lets try a Hugus Fairbanks, with a Teddy for a chaser. Oh! hell here's luck."

You know Uncle Joe will have his little joke

Well, you are a man who is broad minded, has traveled a great deal and practically a man of the world.

You will have a foeman worthy of your steel, and should you go down to defeat in the race for the nomination, I know and am sure you will go out into the highways and byways and work for the ticket as though you were at the head of it.

Men who were born in log cabins have often proven themselves too great for petty bickerings and jealousies. Our party's history is rich in men who first saw the light of day in humble log cabins. Lincoln, Grant Johnson, and many others have risen from obscurity and darkness to fame and honor and glory.

I quote you a little poem by Henry Van Dyke:

LIEE'S COMPASS

"Four things a man must learn to do,

If he would make his record true: To think without confusion clearly To love his fellow men sincerely; To act from honest motives purely;

To trust in God and Heaven securely."

Well, I met a few of the leaders

at a conference in New York City

Tuesday last and your name

happened to be mentioned in the

courses of things.

Undoubtedly you will hear

from the Campaign Committee in

a short while, and perhaps you

will have an opportunity to speak

in some of the big cities later on.

Being a man of education

and travel you ought to be well

qualified for such a tour.

I shall take a short rest of a

week or two, and then get into

and back to work and travel. So

you don't hear from me again, you will know that I am "some where in God's country, preaching and practicing for the cause.

I violate no secret when I say your efforts at Chicago were not only commendable to those who were there for reunion of the factions, and your self effacement will never be forgotten.
